U. G. C. Picnic This Afternoon

PROMENADE

*Early Ticket Sale;
Buy Your Bid
Soon*

GOOD TIME IS VERY
DEFINITELY
ASSURED

The annual Spring Prom will be held June 8 in the Ball Room of the Hotel Del Monte, according to information received here from student body president Ted Spaulding.

Next Monday the tickets will be on sale for \$1.75 per couple. Ticket sellers will be those two expert ticket men from way back when — Dick MacFarlane and Richard Hambey.

TO START AT 9:00

The prom will begin promptly at 9:00 p.m. and last into the wee hours of the morning — no tell-in' when. For the price of \$1.75 each man will receive favors for his ward. Word hasn't been received as to what these favors will be, but they are expected to be tops.

When you purchase your ticket there will be enclosed a dance bid. The bids are being issued early so that early "date" dances can be secured.

250 TICKETS

Approximately 250 tickets will go on sale next Monday. Because of fear that the entire amount of tickets will not be used by the Junior College students, a few will be issued to the high schools of the neighboring cities.

During the evening the Jaysee will present a program similar to the one that was presented at the Winter Ball. Singing and dancing will be featured.

NOTED LECTURER TO SPEAK SOON: WORLD TOPICS

Plans for the Awards Assembly are nearly complete with the tentative securing of J. Arthur Reynolds, noted lecturer on world affairs, and confirmation from the music department that a musical program will be presented to the student body at the assembly on May 26.

The purpose of the assembly is to present the awards to the outstanding students of the school for distinguished service rendered the student body, and the athletic awards to the members of the basketball, baseball, track, tennis and boxing teams.

Mr. Reynolds will speak at a morning assembly on world problems. He is a graduate of the University of California and was student body president of that institution in 1928. For a few years following his graduation he was assistant to the famed Professor Barrows in the department of political science at his alma mater. In recent years he has been a lecturer on world affairs and is classed as an expert in this field.

Busses Leave Jaysee At 12:20 P. M.; Free Party Provided By Girls

Bolado Park, near Hollister, will again be the scene of the annual Upsilon Gamma Chi picnic this afternoon. This picnic is a free affair given by the girls in return for the Men's Club supper. According to Evelyn Heinsen, president of the U. G. C., this year's event will be a record-breaker so far as fun and attendance are concerned.

BUSSES LEAVE AT 12:30

The busses will leave the school at the end of the fifth period immediately following the assembly for the introduction of candidates for the student body offices. Many students are expected to bring their own cars to the affair, and all students who are able to secure a car for the afternoon are urged to do so. Joyce White, transportation chairman for the picnic, has assured the students that there will be room for all who desire to attend.

Peggy Young, chairman of the food committee, has announced

that a luncheon consisting of salad, delicious sandwiches and beans, ice cream, cake, soda pop and coca-cola will make up the menu and will be served to the hungry Jaysees free of charge.

SWIMMING INCLUDED

Activity for the day will consist of swimming, which will be free of charge to all those who bring their bathing suits and towels. All of the junior college aquatic aces, including our diminutive Weissmuller, G. Darwin Peavy, will be on hand to give all of the spectators an exhibition of plain and fancy swimming and diving.

Baseball, basketball, and hiking will be provided for all who desire closer communion with the great outdoors, according to Evelyn Blosier, sports chairman. Those desiring to display their terpsichorean skill will have plenty of opportunity to do so, says Sally Hayes, dance chairman, who has made arrangements for a free dance to

be held on the spacious dance pavilion.

GOLF PROVIDED

To our golfers it has been made known that there is a golf course available to all those who wish to chase the elusive pellet for nine holes after the payment of the usual green fee.

The custom of having this annual picnic started in 1936 when the Upsilon Gamma Chi members for the first time were hostesses to the men of the school at Pacific Grove. The idea proved so popular that it has been carried on through the ensuing years with the same amount of enthusiasm on the part of the student body. The picnic today is certain to be another big success.

The stage is set, the food ready; an afternoon of pleasant activity has been provided for; so studees, the Upsilon Gamma Chi requests your presence at their annual free picnic at Bolado Park. Don't forget, busses leave the campus at 12:30 today.

EXPENSES

*Questionnaire of
Expenditures
Given Out*

JAYSEERS SPEND TEN THOUSAND MONTHLY

Salinas Jaysee students spend over ten thousand dollars a month with their favorite merchants, according to the results of an expenditure questionnaire recently distributed among the junior college men and women.

A total of 96 boys and 72 girls filled out the blanks, which figures, when averaged, were illustrative of the personal expenditures of each student. The 225 women in this institution spend \$3940 per month, and the 275 boys, \$6290.

The number of boys who filled out the item forms and the total and individual average amounts spent per month follow: Clothes, 92, \$460.25, \$5.00; Shoes, 76, \$115.50, \$1.51; Meals, 60, \$458.08, \$7.63; Shows, 90, \$175.75, \$1.95; Magazines, 48, \$31.45, 65; Barber Shop, 85, \$71.60, 84c; Cleaning and Pressing, 77, \$101.81, \$1.31; Drugs, 38, \$24.45, 63c; Jewelry, 11, \$14.75, \$1.36; Miscellaneous, 85, \$403.01, \$5.06; Ice Cream and Candy, 91, \$237.85, \$2.62; Hats, 9, \$4.50, 90c; Sporting Goods, 62, \$95.59, \$1.54; Total amount spent, \$2200.11; Average amount spent (per person), \$22.99. The average amount spent each month by each boy multiplied by the total number of boys in this school amounts to \$6287.50.

The number of girls who filled out the item blanks and the total and individual average amounts spent per month follow: Clothes, 71, \$427.65, \$6.00; Shoes, 69, \$135.18, \$1.96; Meals, 53, \$146.15, \$2.76; Hats, 29, \$32.08, \$1.10; Ice Cream and Candy, 68, \$92.75, \$1.36; Drugs, 29, \$17.20, 59c; Cosmetics, 64, \$47.25, 74c; Sporting Goods, 17, \$19.81, \$1.16; Shows, 56, \$70.30, \$1.26; Jewelry, 22, \$22.05, \$1.00; Magazines, 20, \$10.90, 50c; Barber Shop, 2, \$1.50, 75c; (Continued on page 4)

Primary Election Next Week

Primary elections for the student body officers will be held on Monday and Tuesday, May 15 and 16. General elections will be held the following Thursday and Friday, May 18 and 19. In order that the student body may be familiar with the rules for nomination and election, the student body constitution is reprinted below.

The constitution reads as follows on elections:

"The President, Secretary, Commissioner of Finance, Commissioner of the Sophomore Class, Commissioner of the Publications, Yell Leader and Associate Yell Leader shall be elected in the following manner:

"Nomination petitions shall be obtained from the registrar with

his approval of the candidate, and 30 signatures of student body members in good standing must be obtained on these petitions before submitting to the election committee.

"Any candidate for any office receiving a majority vote of the entire student body in the primary election shall be declared elected. If for any office no candidate receives a majority vote of the entire student body, the names of the two candidates receiving the greatest number of votes shall be placed upon the ballot for the general election.

"For each office the candidate receiving the largest number of votes shall be declared elected.

"The Commissioner of Men's Athletics and the Commissioner of Women's Athletics shall be

elected in the same manner as those officers above except: Only men students may sign petitions and vote for the Commissioner of Men's Athletics, and only women students may sign petitions and vote for the Commissioner of Women's Athletics.

"Qualifications for office are: All officers may be, at the time they enter upon the duties of their office, a member of any class except as follows: Sophomore Commissioner shall be a member of the sophomore class, the Yell Leader and Associate Yell Leader shall be sophomores. All officers and candidates must have a C average during the semester just preceding the term in which they are candidates, and all officers must maintain a C average while in office."

Final Exam Schedule

	Mon. May 29	Tues. May 30	Wed. May 31	Thurs. June 1	Fri. June 2	Mon. June 5	Tues. June 6	Wed. June 7	Thurs. June 8

TUESDAY, MAY 30—Memorial Day Holiday.

FINAL LA REATA SKATING PARTY NEXT WED.

Next Wednesday, May 17, will be the last opportunity this year for students to attend an exclusively Jaysee skating party. Judging from advanced notices, this one should be the best of all. Those of you who have attended the past parties know the fun and excitement in store for skating enthusiasts.

As usual there will be prizes galore awarded to students exhibiting talent or the lack of it. There will be an advanced ticket sale and a door prize awarded to the lucky advanced-sale ticket holder. A varied skating program will be in store for the skaters and as usual the admission will be only 35 cents.

This is your last chance to help the Annual staff and show your appreciation for the fine year-book. So come, one and all, and make the last skate the biggest and best in Jaysee history.

EDITORIALS

BOOST OUR SCHOOL

Whether you as an individual student appreciate the fact or not, you are privileged over many people in being able to attend this junior college. There are not very many places where it is so easy for one to obtain the education vital to achievement of a worthwhile goal. There is no need of mentioning the utter impossibility of such progressive ideas in Europe or any other particular part of the world under present conditions of strife.

Certainly there is sufficient reason for everyone of us who has been privileged to attend this school to praise it at every opportunity. As a matter of personal pride it seems evident that any person given such opportunities would be quick to grasp them and loud in praise of them.

Salinas Junior College is only now coming into its real growth. Right at this moment we, as students, have the indubitable honor of being allowed to build some of the traditions that will become a part of the school as it continues to grow.

Every student who attends this junior college should feel it a personal obligation to boost the school in his own community.

It is already an ascertained fact that in the coming year Salinas Junior College will expand further. As members both present and future, we should assist in giving the institution a worthwhile name in each local home community where any student may live.

As a future policy then, whenever you mention the school, mention it as a place where higher learning is the theme, a place to be proud of, and a place to boast about instead of degrade.

* * * *

DON'T CUT NOW

It's a misfortune of nature that the best weather comes just at that time of year when school work is the hardest. We sit in class and think of the beautiful color we could be if we were at the beach. We think of cool water and hot sun, of summer camps or trips to the Fair.

This is one time of the year when cutting classes seems justified even to the best of us. That darned mid-afternoon class keeps us from going with the rest of the kids. But it won't be long until it's all over. Three more weeks and we're free again.

Why cut now when we'll only have to make up the work before the end of the month? Why lower your grades for which you've worked all semester? Why let up just when the pressure is the strongest?

You know what your family says about going to school just for the good time. Let's show them that's not what you're doing. Let's get in and sprint to a strong finish.

LETTERS TO THE EDITOR

Dear Doug:

I've just finished reading your column, "Campus Commentary," in last week's Battery.

Your descriptions and conversations were perfect, and could be rivaled only by the world-renowned works of one John Steinbeck, who also writes once

in a while here and there.

To reiterate: Nowhere have I found such wording — such life on paper! Never, no never, have I read the works of an author who could make the reader feel so desperately the reality of the situation!

It was marvelous, Schwartz. But, tell me just one thing: What in "blazes" does it all add up to?

Fanatically yours,

"CLIPCROP."

COMMERCIAL NEWS

Two-thirds of the participants from Salinas Jaysee had a score of 99 per cent accuracy in typing and shorthand when they entered the State Commercial Contest here recently. Two or three of the students may win medals for their efforts.

The State Commercial Contest is sponsored by Modesto Junior College. These tests were given at Salinas and then sent into the contest headquarters for the final judging.

The salesmanship classes have prepared and are now giving their sales talks on different subjects. The students select a prospect and try to sell him their merchandise or goods. Some very fine talks have been given.

NEW CLUB IS ORGANIZED

The Westminster Club, a newly organized club for Protestant students who are interested in discussing questions about religion and philosophy, held a meeting last Tuesday, periods 6 and 7, at 542 Archer street, in a residence near the campus. The club is sponsored by the United Presbyterian Church. At present they have a membership of approximately forty students, although it is an off-campus organization.

The new constitution was formally presented for adoption at Tuesday's meeting. Those who worked on the committee to draw up the constitution were James Fassett, Glenn Howland and Thomas Gee.

WOMEN'S CLUBS TO VISIT FAIR AT TREASURE ISLE

Many junior college women students will have the opportunity to see the spectacular Pageant of the Pacific for the first time next Tuesday when the Junior Soroptimists, Junior Toastmistresses, Rainbow Club, College Service Committee, and officers of Upsilon Gamma Chi join for a trip to Treasure Island. A bus which has been chartered for the educational journey will leave Salinas Jaysee at 9:00 o'clock.

Since the trip is sponsored by the Junior Soroptimist Club, it will include chiefly the exhibitions dealing with vocations — the Life Science building, the Federal building, and the Homes and Gardens building.

Although the visit to the Exposition is planned chiefly for Jaysee club girls, other girls interested will be admitted if there is room on the bus.

Mitchell Goes Flying . . .

If you college Co's and Ed's are interested, come along with me to the airport this morning. I'm merely beginning my weekly flight schedule — just routine — but sometimes interesting things happen.

We have a heavy overcast. The ceiling is about 800 feet — visibility three miles. There is a slight west wind. Here comes Bill. The cub has a broken air line. He'll have to go down town to get a part to fix it. Oh, well, sometimes German is boring anyhow. I'll be sure to miss the class. I had only just enough time to make the flight and get back to college.

At last everything is pronounced O.K. by Swain, and I take off alone and make a circle and land. The plane soars O.K. Here comes Bill again.

"You can go for a little trip if you like, Mitch," he says. That sounds all right to me, so I take off again. I decide to go over the ocean. I've got the nose pretty high and I'm circling fast about as steep as the cub will stand. In altitude there is safety — and I like plenty of it.

There's Castroville under me now. The shoreline is badly overcast, however. That's no good. I'm still circling — the altimeter registers 1200 feet. Wow! Where did Castroville go? I can't see a thing — but soup. Yeah, here I am in a cloud, and it's darned lonely. I'm pretty scared, too. Well, if I know which direction the ground is, I'm getting out of here. Gee, that stuff is cold! Down nose, throttle three-quarters closed. Oh! Thank God there's the Salinas river — what am I doing way over here? Well, I'm out of the soup and that's good. There's the junior college to the northeast. I'll just forget about the ocean and buzz around there a while. It's much safer. I lost 400 feet in that dive. Guess I was in a hurry. I'll just do a few tight banks. Maybe I'll cut my motor and clip my wings. This is fun.

My watch says it's about time to land. My time is up. I turn reluctantly toward the airport. I wish I could fly an hour. These periods are too short. I've still

Art News

A one-man show will be featured by the Art Club beginning next Monday, displaying solely the works of Miss Winnifred Leonard, a special art student from Salinas. Winnifred is an outstanding student of the art department, and at present holds the office of President of the Art Club. For some time Mr. Gus Whitaker, student director of the Little Art Gallery, has been trying to secure a collection of the works of the Art Club's president, and he feels that the coming "one-man show" will be as popular as the present all-student display.

The all-student exhibition which has been shown in the Little Art Gallery since April 24 has been held over another week. The works which were selected by a committee of art majors from a collection voluntarily submitted by the students were done by Winnifred Leonard, Gus Whitaker, Ida Raye Graham, Jeanette Light, Jane Dubendorf, Flora Panziera, Michi Hayashi, Rita del Piero, Jayne Miyake, and Bob Ellenwood.

Sketch Day was observed last Wednesday and Thursday afternoons, 4th, 5th, and 6th periods, when Jayseers were invited to have their portrait sketched in the art room. For ten cents and a ten-minute sitting, miniature masterpieces were rendered in pencil or charcoal. Models were allowed their choice of student artists from the following members of the Art Club: Jeanette Light, Pauline Cronholm, Gus Whitaker, Mel Stromberg, Dorothea Dawson and Ida Raye Graham.

got a thousand feet — maybe I'd better cut the motor. Further in to the field now. I don't want to use the motor again but those wires are looming up awful close — yeah — that was close. The landing was a little bumpy — a little nervous. I think I'll stay away from the clouds for a while. After all, there are a couple of air traffic regulations and one of 'em says you can't fly through the overcast. Goodness, but that ground feels comfortably solid!!

See you later.

Campus Commentary

By DOUG

Hi, Studes!

Well, this column's vast espionage system reports that our last week's commentating around picked up a fan. None other than John C. Mitchell, rounder extraordinary, hath written a highly-acetic epistle to the editor of this tabloid complaining that this strip adds up to — nothing! Can it be possible, John C., that after we linked your humble handle with that of the well-known Pilling, you are complaining? "Clipcrop," we appreciate your valiant efforts to make the strip add up to something, but don't go completely baldheaded worrying about it.

MISUNDERSTOOD MALE OF THE WEEK

Jim Meagher, sophomore radio wizard, had a hunch that something pretty awful would happen when he was forced into an all-girl badminton class this semester. Day after day he waited in soul-wracking dread of the horrible and inevitable blow to fall. Week after week, he lived under a veritable sword of Damocles that threatened to come crashing down upon him any minute of the day. Waiting—waiting—he was slowly being driven to ranting madness when, like the stroke of doom, it came! A notice was posted on the bulletin board naming him as a member of the Upsilon Gamma Chi committee in charge of today's picnic.

NEW COURSE OFFERED BY DEANS

Yes, every day in every way the Jaysee is getting better and better. Latest addition to a long string of achievements is the new course announced by the deans of men and women respectively. Official title of this new monument to learning is "Pink Slip Snatching" or "How to Receive a Cinch Notice Gracefully." One of the deans, queried on the new course, said, and we quote much too freely, "Students receiving their notices all too frequently show a lack of technique in accepting them. Excuses are so weak as to be pitiful and attitudes——" Well, studes, you can see that something must be done about it.

Today we live in a streamlined age. Old-fashioned methods of accepting the fact that you're flunking are out and new theories are coming into their own. For example, the new course will attempt to cultivate in each flunker the right attitude to assume in taking the pink poison. One should enter the office with just the right balance of abject remorse, grim determination to do better in the future, and a dash of pathos to soften the pink paper purveyor's heart. Make your excuses original and the dean will immediately ac-

Ramblings

By DIZ

Lounging on the lawn is a lovely inducement to romance. If you don't believe me, just see Frances Crosetti and Jay Lewis. They seem to know all about it, and if you are really interested, they will also furnish references on request.

Ann Rozich is able to forget her Watsonville heart-throb long enough to enjoy walks and talks around school with Bill Cavalli. Isn't there a song title that fits in there somewhere—something about "So Easy to Remember," etc.?

Did you know that Marie Mathiason and Tom Dempsey are going steady? This still goes on despite the fact that Tommy lets her go out with anyone she wants to. For instance, last Saturday night he raised no objections to her going to the May Dance with Gus Whitaker.

There was almost "Hari-kari" committed last Saturday night when Vernon Baxter came over to Salinas to get Anna Marie Lucey to take to a dance. She got all decked out in her finest array and went to Pacific Grove to a May Dance. Arriving at the door of the dance hall, Vernon realized that he had forgotten to tell Buddy that the dance was formal. And there she stood with all the girls whirling around her in all their spring formals. Can you blame her for getting a mite peeved?

With all these romances breaking out, it's rather surprising to note that Dottie Crook is again accepting dates from other boys besides Hank Eaton. They both came to the opinion that going steady had its drawbacks and they have called off their romance for a while.

Noticed at the dance Friday night were Harvey Harris and Ann Spencer. This is a new couple that hasn't been seen around before. Still they seemed to be having a lot of fun at the farm jamboree. We wondered why Harvey had been wearing that bright and cheery smile last week. You see, he has had a crush on Ann for a long time but he never thought that she would possibly ask him to the dance. See what patience does? Also in the same foursome were Rass and Jean. They are going together again. That's another case of patience rewarded.

If any one is wondering why Bob Houx is not interested in some of our co-eds around school, here's the reason. Bob is really intrigued with a little toe-dancer from Soledad. So just take up dancing, any of you gals who would like Bob to lose his

quire an intense admiration for you. Remember, "It's the little things that count."

AND IN CLOSING—

We remember that our friend, "Clipcrop," warned us that the column positively must add up to something so we hereby declare that all the preceding inane discourse adds up to — the end!

What the Students of JC THINK ABOUT

THE DORM

By the Woman in the Hall

The question asked in the hall this week was "What would you think about having dormitories on the campus?" This idea seems to be quite acceptable to all of those students who answered the question.

Ruth Stricker: "If enough of the girls would board in them, I think they would create the same atmosphere for us as for other colleges, but since most of the girls live close enough to come on busses, they aren't really necessary."

Bob Hudson: "Very good idea. It would create more school spirit and also enable students to miss those 'wonderful' bus rides."

Ida Raye Graham: "Dormitories could be fine in that they would contribute much to college life, but to have dormitories on the campus of a school in this situation doesn't seem necessary."

Vida Thompson: "A good idea for students who wish to stay for some school activity when busses are not held over."

Cecil Newkirk: "I think the idea is excellent because it would give the student a better opportunity to participate in school activities."

indifference, and be escorted to places by him.

We thought a romance might be brewing between Doris Chavoya and Bob Fabing, but we were wrong. It seems that Doc's heart interest is definitely in Gilroy. She happens to be Sally Hayes' sister. They say it's a real case of love.

Also at the dance were Laurie Pilling and Bud Fetzter. This seems to be one romance that won't grow cold, despite Bud's artistic temperament.

Leatha Hicks brought down a boy from Davis for our shindig. She seemed to be having a terrific time despite the fact that her "Lothario-wished" was there escorted by Gladys Thompson.

One parting shot: Why can't a school with over 600 students put on an affair that would make money (at least 200 dollars) without having to open the ticket sale to high school seniors? Even if we just meet our expenses and have one bid per person — by that admitting one outsider, wouldn't that be better than turning the one big affair of the year into a money-making scheme?

WOMEN'S CORNER

JUNIOR SOROPTIMISTS

Miss Helen Ward, principal of the evening school in Salinas and a member of the City Soroptimist Club, was the guest speaker at a regular luncheon meeting of the Junior Soroptimists last Friday noon. Miss Ward presented a very interesting and enlightening discussion of vocations for women.

She spoke of the various fields open to them, the correct approach in a business situation, and the possibilities of legislation prohibiting the employ of married women who do not need the work. She urged all girls to watch for such legislation so that no law might be passed to limit the freedom of women.

In choosing a vocation and considering its opportunities for advancement, it is necessary, first of all, for the woman to decide whether she wishes to work permanently, or whether the job is merely a stop-gap to marriage. Distribution and public service fields present the widest range of opportunities for business and professional women, according to Miss Ward.

Gamma Nu

Gamma Nu's first initiation with impressive candlelight ceremonies was held at the home of Joyce Wiggins, May 8, at 8:00 o'clock.

New members included Leatha Hicks, Jean Meese, Kay Mercer, Nona Harney and Ruth Nunes.

After the initiation a short business meeting followed. Plans were discussed for the coming tea.

FASHIONS

To be well dressed you don't have to have the wardrobe of a debutante, as long as you keep the clothes you do have clean and neat.

Hair nicely arranged, well-kept fingernails and hands, clean shoes, and a generally neat appearance will do wonders for anyone. It takes but a short time to wash out a sweater or clean your shoes each night, and if, before going to bed, you press the skirt you intend to wear the next day, it won't need cleaning so often and will look a lot better.

Simple little things such as a white collar, costume jewelry, a bolero jacket, or new buttons will make any outfit look different.

Take some time out one of these week-ends and go through your closet, sewing on snaps, pressing, cleaning shoes; give your wardrobe a complete going-over.

When you do buy something new, pick it out with care. Try to emphasize your strong points and minimize your weak ones. In selecting colors, try to get something that will go well with several other colors. If you are tall, don't buy a dress or coat that has very straight and severe lines that will emphasize your height. If you are short, you shouldn't wear "blousey" effects that only make you look like Tom Thumb.

If every girl could take a course in consumer education it would help her a lot in many ways. But if you follow a few simple rules you will find a great improvement in your appearance and your state of mind.

HOME MAKING

COOK BOOKS TO BE SOLD BY FOODS CLASS

Even a bride could win the praise and admiration of her friends by making luscious foods if she used the cook book to be published here soon. This recipe book contains the favorite recipes of the foods class, tested in class under the direction of Mrs. Hope Baxter.

Each recipe in the book is chosen from a number of like recipes by class vote. Each member of the class has been responsible for working out a special section of the book, which must then be approved by the class as a whole.

An attractive illustrated blue and fuchsia cover has been designed by Mr. Amyx of the art

department. Original verses or proverbs are on each division page to announce the new section. In charge of the business management of this new domestic science project is Mr. George Aughinbaugh.

The instructions are explained so simply that anyone could follow them, and the recipes were tested and approved and are sure to please. Remember, girls, "the way to a man's heart is through his stomach!" Here's your chance to learn how to feed the brute!

JITTERBUG

A new kind of "Jitterbug" was the concession of the Entomology Club of San Jose State at the Spardi Gras this year. The club intended to test the endurance of hardened bronco busters.

Jaysee Whips Pelligrinis, 19-6

Salinas J. C. met Pelligrini's All-Stars last Saturday in a baseball game on the home diamond. When the smoke had cleared away the score stood at 19 to 6 in favor of the Jaysee team.

This was the first time this year that the weather conditions were ideal for any game on the local park. This must have made Salinas realize that only a good ball game could be played, and so they set out to play one.

The junior college squad, although minus their star slugger, Joe Garcia, levelled their heavy artillery and went to work at the start. The first inning eleven men faced McNeill, Santa Cruz chucker, before the side was retired, and the score stood at 5 to 0. It was not until the beginning of the fourth inning, when weary from running and scoring, they levelled off their big guns.

Asada led the attack for Salinas, getting 3 for 6. The team also out-hit Santa Cruz 11 to 17. Knapp was their star, getting 3 for 5. The box score:

	AB	R	H
Martin, 1b	3	0	2
Raine, p-rf	5	2	2
Scattini, 3b-c	6	2	3
Nerell, cf	3	1	2
Paul, ss	4	2	3
Asada, c-p	6	3	2
Kawamoto, rf	5	1	1
Frazier, lf	3	2	2
Vansandt, 2b	4	2	1
Hart, p-lb	2	1	1
Balance, rf	1	1	0

SPRING BASKETBALL BEGINS

Basketball players! Dust off your shooting eye, clean the cobwebs off your shoes, wash your socks, and come out to spring basketball practice beginning Monday, 7th period.

The first part of spring practice will be devoted to fundamentals, according to Coach Adams, and the last part will be taken care of by a tournament of different teams made up of veterans and newcomers. The purpose of this practice is to give the boys an idea of what they have to brush up on, and in a small measure give an idea of next year's talent.

Veterans from last season's campaign are Hansen, Dowden, Trimmingham, Roth, Dimick, Zobel and Cincotta. Others who are going to turn out and tune up for next year are Brownell, DeVine and Linteo. Also, several high school players are expected to show up.

Anyone else who would like to make his presence known to basketball circles should come out during the next two weeks as this practice is a prelude to next season.

THE CAUTIOUS TYPE

The hotel clerk was growing impatient because Burton Stokes took so long reading the names on the register. "Just sign on that line, please," said the clerk. "Young man," retorted Stokes indignantly, "I'm too old a hand to sign anything without reading it."

J. C. To Wind Up Ball Season Tomorrow

Tomorrow morning the Panther baseball team will go onto the field for the last time this year when they play the league-leading Sacramento Junior College nine on the Sacramento diamond in a conference double-header.

With some good practice games under their belt, including two real one-sided affairs in favor of themselves, the Panthers are in very good shape to meet the Sacramento outfit, who have met defeat only once. They were beaten by Modesto J. C., over whom the Panthers previously were victorious. If this means anything, the local boys have a good chance of winning at least one of the ends of the double-header.

Even if the Panthers won both ends of the double-header, they would not win the championship but would have a good chance for the second position.

The only thing that appears to hinder a Salinas victory is the extreme heat of the Sacramento Valley, which is really tough on the local boys who have played almost all of their home league games in a heavy fog.

The local horsehiders left today for Sacramento so they could be rested for tomorrow's game.

Boys who made the trip were Joe Garcia, Jack Raine, Toru Asada, Olie Vansandt, Don Paul, Ernie Scattini, Floyd Wilke, Donne Nerell, Casey Kawamoto, Bill Frazier, Jim Hart and Mel Stromberg.

JAYSEE VICTORS IN FINAL "A" MEET

Journeying to Sacramento to tangle with scores of Class A tracksters, Salinas Jaysee's Class B champs stormed the capital last Saturday. A small array of ten local athletes waged battle against eleven combined Class A and Class B Jaysees competing in the Northern California Conference Track Meet.

Spectators, scanning the score sheet after the meet, were surprised to see the Panthers lacking one lone digit of being in fourth place. However, the better side of the ledger showed that four of the ten athletes had won medals, with the other boys pressing the winners to the breaking point.

Lester Steers of San Mateo won both the high jump and javelin throw with efforts of 6 feet 4 inches and 195 feet.

Larry MacLean of the Panthers proved his supremacy over opposing hurdlers by winning the 220 yard low hurdles in great style. Larry was clocked in 24.9; the slow track at Sacramento preventing him from turning in a faster time.

Captain Harold Vorheis distinguished himself in the discus throw by tossing the platter 136 feet 6 inches, a full 3 feet past his own conference record and a mere fifteen inches behind Rechiert of Modesto, who won the event.

WOMEN ATHLETICS MUST HAVE GYM REQUIREMENTS

This year a new rule states that women students of the Jaysee must have taken one activity period in an individual sport, one in a team sport, and one in rhythm, in order to be eligible for graduation.

Next semester the Jaysee offers to its women students a physical education department that includes more activities than ever before: archery, golf, equitation, hockey, volleyball, softball, tennis, modern dancing, individual physical education, badminton, swimming, clogging, and possibly fencing.

It will be easier to get a credit for rhythm as the students will now have two dances to choose from — modern dancing and clogging.

A new system is to be tried by Miss Hutchinson next semester. Each sport is taken for a semester but each semester is divided in half, and if a student desires she may change her activity. However, Miss Hutchinson does not advise this change, except in sports where weather conditions interfere.

Next semester the women tennis enthusiasts will also have a chance to shine in the eyes of the public when a tennis club will be organized.

The tennis club will welcome for members all women students who are adept at tennis and like to participate in tournaments both intramural and with other schools.

The club will have regular weekly meetings and practices so that its members will be able to keep in trim.

Election of the W. A. A. officers is coming up soon. Now is a good time to start thinking about the girls that you want for your president, vice-president, secretary, and treasurer.

EXPENSES

(Continued from page 1)

Beauty Parlor, 32, \$34.68, \$1.08; Cleaning and Pressing, 42, \$54.16, \$1.29; Miscellaneous, 52, \$149.95, \$2.88; Total amount spent, \$1261.61; Average Amount spent (per person), \$17.50. The average amount spent each month by each girl, multiplied by the total number of girls in the Jaysee amounts to \$3940.00.

The approximate cash total that Salinas Junior College students spend each month is \$10,227.50, which is a moderate fortune in any country.

Tailor (having measured customer for a suit) — And how would you like the pockets, sir? McTavish — Well, just a wee bit difficult to get at.

Track Members Leave For West Coast Relays

GOLF AND TENNIS TEAMS TRYING FOR CHAMPIONSHIPS

More than 40 junior college golfers entered the Northern California Junior College Conference matches held on the Stanford links at Palo Alto last week end. Bud Brownell, Salinas Jaysee student, was one of the 8 out of 40 to qualify for the final championship matches. He was eliminated in the semi-finals.

John Coustette, Jack Nielson, Jack Nelson, and Ed Trimmingham were others who represented Salinas Junior College in the conference golf championship. All of these boys shot commendable scores but failed to qualify.

Brownell was one of the two medalists eliminated in the semi-finals. Harris of Sacramento Junior College was the other top flight man who did not reach the finals.

Brownell had his man 3 down at the end of the first 9 holes but lost it on the final round.

According to team members, it was an extremely difficult course to play on. Sacramento J. C. won the team trophy.

Gerald Hansen, number one man on the Salinas Junior College tennis team, reached the quarter-finals in the conference tennis matches also held at Palo Alto last Saturday. He was the only student from Salinas to be entered.

Hansen defeated two net men before being eliminated. He downed players from Modesto and San Mateo. San Mateo won the singles as well as the doubles championships.

NEW RULING SET FOR TENNIS

Because of a conference ruling that says a tennis team must not play any match after their last conference match, the meet between Salinas Jaysee and California Polytechnic School has been called off according to Mr. Peavy, tennis coach. The ruling also states that if a team does play a match after their limited time that team forfeits the right to enter conference competition for one year.

Two of the members of this year's tennis team will be back next year to defend the honor of Salinas. These two are Gerald Hansen and Bill Murray. Leaving Salinas Jaysee are Tom Gee and Tad Oda.

FORESTRY EXAMINATION

Any forestry student who has two years of preparation either in a junior college of in a university is eligible to take the Forestry U. S. Civil Service examination.

This test is mainly for summer jobs that have good chances for advancement.

Seven members of the Salinas Junior College championship track and field team will leave today for the West Coast Relays at Fresno. Plenty of competition is offered the local contestants because of the outstanding athletes competing.

Stokes, who threw the javelin 175 feet last week, will enter this event against keen competition. MacLean, winner of the 220 yard low hurdles at Sacramento last Saturday, enters the 120 high hurdles. Benny Robinson, pole vaulter and high jumper, can win places in these events with exceptional leaps. Shaw and Vorheis, platter artists of Salinas, will have to throw their best to place against the outstanding junior college discus tossers on the Pacific Coast. Romine, high jumper, stands a good chance of placing.

Stan Greening, 100 yard speed flash, again meets Battaglia and several other sprinters from the southern institutions, including the great Bryant Allen of Riverside. The West Coast Relays, famous meet, where "world records fall," offers the keenest competition on the coast.

Salinas entrants who place in the Fresno Relays tomorrow will no doubt enter the first National Junior College track and field meet ever held in California. Sacramento will be the site of the great Jaysee meet on May 26th.

Compton Invitational, a place "where world records continue to fall," boasts entrants this year that threaten to break several world records in the Jaysee class. The 10,000 spectators, who witness the invitational annually, expect several records to go into the discard.

BLANCO "BUMS" BEAT FOREIGNERS BY SCORE OF 28-9

Hail to the Blanco Bums, future champs of the softball tournament. With mud in their eye and a vicious batting order, the Bums thoroughly cleaned the Foreigners to the tune of 28 to 9.

When the Blanco boys weren't hitting the ball through the infield, they were hitting it over the fielders' heads, and when they couldn't make a base on a hit, they made it on an error. The Foreigners were a pitiful sight as they made mistake after mistake, and the higher the score ran, the worse they got.

It was only after the game was over that they came to their senses, and with muttered threats in their beards, they slunk off the field, a thoroughly chastened softball team.

Capt. "Googs" Arata and his Bums were silent about the whole affair, and all they would say was that the "braggarts had it coming to them."

It is hoped that in the future the Blanco boys will take it easier on the teams, and at least make the games interesting and exciting.
